Dr George Englemann

Dear Sir

I send you to day by mail four proofs of the Agave as you request and have numbered them so that if my proposition meets with your approovle. you can telegraph me which you want as the time is short to furnish up so large a number. I can furnish you eighteen hundred each of two plates for twelve and a (a) half (12½) cents a piece mounted on card board a little thinner

item 2 and and beter qual-
ity or the Photos without
mounting at ten cents (.10¢) and
will have twelve hundred of
each ready by the last of
February or first of Mearch.
The plates could be
put in after binding by
binding a strip of cloth in
to fasten them to
I could not enlarge
the small plate satisfactorly
so I went down to the Mon-
ument and took the plate I
send you a proof I
We have had stormy
weather since my return and
the proofs are not as good as
the ballence would be

Some of them are quite dark but you can see how they will look.

I received a notice of my election as corrisponding member of your Academy also a request of three dollars for diploma. Pleas tender the Academy my thanks for honors confered I will try and be of some servis to them and am at their command at any time they need me

Yours Truly

J. C. Parker

I sent you by Mr Hitchcock day before yesterday all the Photoes I have of the Agave if you want any thing else say so and I will send it

Dr Englemen

dear Sir

I shiped to your adres yesterday the Photoes of the Agave. I sent thirty extra copies for which I make no charge I am sorry I had to delay so long but the weather has been unfavorable and I was delayed some on account of card. In my hurry packing (for I barley had time to get them on the steamer) I forgot to put in the Stiro Photos you wanted but I send them by mail to day I find I have not as many of No 17 as you want will send you some more as soon as I can print them if there is any thing more that you

GEORGE ENGELMANN PAPERS

want let me know and I
will try and get it for you
Next week I expect
to start for the mountains
after Photos of the Yucca
blossoms and will send you
some as soon as I return
I sent the Photos by
Express C.O.D and hope
they will give satisfaction as
I have spared no time or
trouble to have them good
I hope to hear from
you soon as to how you
like them

Your Truly
J.C. Parker

No 95. We found around the old Mission
and it's much large than No 14 but re-
1.2.6.
sembles it No 64 same as No 5 and 20
No 93 - same as No 15 9

Dr Englemann

Dear Sir

I send you to day by mail a package of Photos two more of No 17 which I believe makes the number you wanted also two stirs Photos of the Yuccas and two larger views with one 8/10 size No 2.6. Learge size (I should say Imperial) was taken the 13th of Apr twenty five miles up the San Diego river and measured 10 feet high from the ground to top of stalk No 3.C. Imperial size was taken Mear 16th near the bay 5 miles South East of San Diego and measured from the Ground to top of Blossoms ~~10 feet~~ 9½ feet

I expect to take a trip
in the mountains again
the first of May and will
send you copies of what I
find pleas give me the
names for this new Yucca
I send you I should be
glad to know more about
it & do and will try and
send you some of it if I
get the chance to collect
any also fruit on a blossoms
it grows on ~~the edge~~ this side
of the dessert but the other
side of the mountains some
60 or 70 miles from here I
presume you have received the
Photos also the Agave we
sent

Yours Truly
